🌐 Vargav Mishra

OBJECTIVE

Tech-savvy innovator with hands-on experience in emerging technologies and passion for continuous improvement. Skilled in identifying opportunities for technological enhancements and implementing effective solutions. Adept at leveraging new tools and methods to solve problems and enhance productivity. Excels in adapting to fast-paced environments and driving technological advancements.

SKILLS

Frontend

HTML5: Proficient in embedding multimedia (images, audio, video), utilizing common HTML attributes for styling and functionality, and developing responsive layouts with meta tags settings. Experienced in debugging HTML for cross-browser compatibility.

CSS: Strong understanding of the box model, positioning, and z-index for layout control. Skilled in creating animations, transitions, and transformations for interactive user interfaces. Proficient in debugging CSS and ensuring visual consistency across devices.

Backend

Node.js: Proficient in building **RESTful APIs** and microservices. Able to connect and interact with various **SQL databases** using Node.js.

Databases

SQL: knowledgeable in **DDL, DML, TCL, DCL**, and **DQL** statements. Able to work with **SQL Server, MS SQL**, and **Oracle SQL**.

Programming Languages

Core Java: Extensive knowledge in object-oriented programming (OOP) principles using Java. Able to write clean, efficient, and well-documented Java code.

Python: Knowledge of common Python data structures and algorithms. Extensive knowledge in writing clear, concise, and efficient Python code. Good understanding of Python's role in various domains like web development, data science, and AI.

Soft Skills

Effective Communication

Team Collaboration

Public Speaking

PROJECTS

Attendance Management System

Technologies Used:

- Python
- SQL

Restaurant Management System

Technologies Used:

- Python
- Tkinter (GUI)

Lightning Energy Conservation: Optimisation using Reinforcement Learning and RB-TCA

Technologies Used:

- Reinforcement Learning Algorithm(RL)
- Rule-Based Threshold Control Algorithm (RB-TCA)
- Q-Network Algorithm
- Python

EDUCATION

B.Tech Computer Science and Engineering

Silicon Institute of Technology

Ongoing

CGPA - 7.91

12/2021 – Present

Sambalpur, India

12th CBSE

Guru Nanak Public School

Percentage 76%

04/2019 – 05/2021

Sambalpur, India

10th ICSE

St. John's School

Percentage - 81%

04/2019

Sambalpur, India

CERTIFICATES

Generative AI for Beginners

(from Aakriti E-Learning

Academy, Udemy)

The Complete Full-Stack Web

Development Bootcamp

(from Udemy)

JAVA Programming(2023)

(from NPTEL)

100 Days of Code: The Complete Python

Pro Bootcamp

(from Udemy)
